

Homes for Veterans modifies the homes of veterans for free. We will modify a kitchen with lower cabinets or special pull-down cabinets. We will remove the bathroom tub and install a roll-in shower. We could change a vanity to a roll-under sink. You may need wider doorways or grab bars or even an extra railing or banister. Contact us and let us know what you need. Homes for Veterans is supported by great Americans that want to show their appreciation for the service and sacrifice of our troops. Veterans made us safe and secure in our homes, now Americans want to return the favor and make the veterans safe and secure in their homes. Visit our website and see what we do.

You can also donate online

Homes for Veterans modifies veterans homes for free so they could be safe and comfortable in their own home.

No cost to the veteran
